WHO IS PVA?

Paralyzed Veterans of America is the only congressionally chartered veterans service organization dedicated solely for the benefit and representation of veterans with spinal cord injury or disease. With more than 70 offices and 33 chapters, PVA serves veterans, their families, and their caregivers in all 50 states, the District of Columbia, and Puerto Rico.

- **We Champion** important issues that protect the civil rights of all people with disabilities.

- **We Connect** veterans with our National Service Officers (NSOs) — who are located in 73 National Service Offices around the country — and legal services to help them secure benefits that they deserve from the U.S. Department of Veterans Affairs (VA). NSOs are accredited experts in VA benefits and legally represent veterans, dependents, and survivors before the VA and Board of Veterans Appeals. PVA also represents veterans before the U.S. Court of Appeals for Veterans Claims. In fiscal year 2019, PVA’s veterans benefits department secured almost $270M in new benefits for our clients.

- **We Examine**, monitor, and audit the quality of health care and related programs at all VA SCI/D Centers and health facilities, and advocate for vital improvements.

- **We Fund** research and education grants that change the lives of people living with spinal cord injury or disease. Since the inception of our Research Foundation in 1976, PVA has invested more than $51M in grants.

- **We Provide** critical architectural support to help ensure that buildings, facilities, and sports complexes are ADA compliant.

- **We Offer** veterans employment support, including resume review, interview coaching, employer introductions, and networking opportunities for successful job placement. Since the start of PVA’s employment program, PAVE, we have helped more than 4,500 transitioning service members, veterans, military spouses and caregivers in their search for meaningful employment.

2020 POLICY PRIORITIES FOR 116TH CONGRESS - 2ND SESSION

Veterans must have access to high quality, comprehensive, and veteran-centric health care as well as timely and accurate delivery of all earned benefits.

**Strengthen and Improve the VA Health Care System and Services**

**A Protect Access to VA’s Specialized Services**
Congress must protect access to specialized services within VA, including the spinal cord injury/disorder (SCI/D) system of care, to ensure that it remains strong and effective. Congress must also ensure that VA’s health care system is able to effectively meet its staffing requirements.

**B Improve Access to VA’s Long-Term Services**
Congress must provide oversight of VA’s expansion of its Program of Comprehensive Assistance for Family Caregivers (PCAFC) to ensure it is executed in a fair and timely manner and expand eligibility for the PCAFC to include veterans with serious illnesses like ALS and MS. Congress must also maintain a safe margin of community living center capacity for veterans with SCI/D.

**C Access to IVF**
Congress must make in-vitro fertilization (IVF) a permanent part of VA’s medical care package.

**D Care for Women Veterans with SCI/D**
Congress must ensure VA is able to fully meet the needs of women veterans with catastrophic disabilities, including their needs in decisions involving delivery of gender-specific health care.

**Strengthen VA Benefits for Catastrophically Disabled Veterans and their Surviving Spouses**

**A Improvement to Veterans Benefits**
Congress must improve benefits for veterans with the most severe disabilities by:
- Increasing the Automobile Allowance Grant and ensuring that veterans receive appropriate Automotive Adaptive Equipment reimbursement;
- Addressing the transportation needs of non-service-connected veterans to help restore, promote, and preserve the highest state of health possible; and
- Prioritizing claims for Specially Adapted Housing for veterans with ALS and increasing the amount and usability of the grant for all catastrophically disabled veterans.

**B Benefits for Surviving Spouses**
Congress must ensure survivors of veterans who die from ALS receive the full benefits they are due.

Veterans with disabilities must have equity in access to the opportunities and freedoms available to all Americans to allow them to live, work, travel, and fully participate in society.

**Strengthen and Protect the Systems and Civil Rights that Support People with Disabilities**

**A Improve Access to Air Travel for Passengers with Disabilities**
Congress must improve access to air travel by requiring airlines to ensure that airplanes meet broad accessibility standards and strengthening Air Carrier Access Act enforcement through referral of certain complaints to the U.S. Attorney General and a private right of action.

**B Protect and Increase Compliance with the Americans with Disabilities Act (ADA)**
Congress must continue to protect the rights of people with disabilities to seek immediate redress of discriminatory barriers in public accommodations under the ADA and increase and expand the tax incentives available to assist businesses with ADA compliance.

**C Preserve and Strengthen Financial and Health Security for People with Disabilities**
Congress must strengthen and enhance the Social Security system and protect Medicare, while rejecting efforts to undermine these earned benefits programs that represent an economic safety net for millions of Americans.

**D Disaster Response and Recovery that Meets the Needs of People with Disabilities**
Congress must address current gaps in the ability of the emergency response and recovery system to address the needs of people with disabilities and ensure disability inclusive disaster management policies and practices.
