DAVID ZURFLUH
National President
Paralyzed Veterans of America

“PVA changed my life forever. PVA literally stays with you from initial injury to the grave, not only for the veteran but the spouse/caregiver, family and friends.”

David Zurfluh felt a duty to serve his country and follow in the footsteps of his grandfather (Navy), father (Army), brother Tom (Air Force) and extended family members, who served in every military branch. When Zurfluh was in high school, he narrowed down the branches in which he wanted to serve between the Marine Corps and the Air Force. His friend flipped a coin to determine his path — heads for Air Force and tails for the Marine Corps. The coin landed on heads, and Zurfluh’s path was set in motion.

A member of the U.S. Air Force from 1987 to 1995, Zurfluh served as a jet engine mechanic and a crew chief in Operation Desert Shield and Operation Desert Storm. While on active duty in April 1995, he was injured in a motor vehicle accident in Hachinohe, Japan, suffering a shattered left arm, broken left wrist and broken neck. Zurfluh was diagnosed with incomplete quadriplegia. After three weeks navigating through three hospitals, he wound up at the Seattle VA Medical Center.

Zurfluh was at his lowest point when two PVA National Service Officers came to his bedside and told him they would take care of him and do everything they could to make him as whole as possible. After that life-changing moment in 1995, Zurfluh became a member of PVA.

Zurfluh spent one year as an inpatient and two years as an outpatient in the Seattle VA Spinal Cord Injury Unit. After finishing rehab, Zurfluh wanted to do all he could for the organization that gave him dignity and purpose again. He was determined to make it his life’s mission to help veterans with spinal cord injury, disorders and related diseases like MS and ALS.
A native of the state of Washington, Zurfluh started volunteering at the PVA Northwest Chapter, helping local members. He held chapter-level positions as legislative director, vice president, president and sports committee member. Zurfluh realized that he could help even more PVA members by serving at the national level. In 2010, he was elected to the Executive Committee as national vice president, serving three consecutive terms. In May 2014, Zurfluh was elected as national senior vice president and re-elected for two consecutive terms.

In May 2017, he was elected as national president and then re-elected in 2018 and 2019. In May 2020, during PVA’s first-ever virtual 74th Annual Convention, Zurfluh was re-elected as national president for a fourth-consecutive one-year term to begin July 1, 2020.

Zurfluh has served on the Veterans Legislative Coalition in Olympia, Washington, and as co-chair of the West Slope Neighborhood Coalition in Tacoma, Washington. In addition to his work on behalf of PVA in Washington, D.C., Zurfluh currently serves on the National Board of Advisors of the Museum of Aviation Foundation, is a lector at Holy Rosary Church in Tacoma, Washington, and volunteers at local food banks. His hobbies include hand cycling, shooting sports (trap, handgun, archery), golf and snow sports.

Zurfluh travels extensively throughout the country advocating for and serving Paralyzed Veterans of America.

“We specialize in SCI/D veterans, but we serve all veterans,” Zurfluh said. “If a veteran needs help and comes through our doors or calls, we help them, their caregivers and their loved ones, period.”
